During the next 60 minutes, we invite you to experience the result of five weeks of intensive work. As a group, we've involved ourselves with, and explored the lives of 28 people who up until now existed only on the printed page. Working together, the show, in a sense, developed itself. The group energy carried the show forward. As a result, "the happy hour" has been one of the most uniquely rewarding experiences we've ever had.

special thanks to Andy Hamilton, John Selzer, John Vici, Annie Abrams, Paul Nance, Brad Levy, Marcelle Gober, Linda Servoss, "the happy hour" orchestra, those who helped with costumes, setting the stage, and everyone else who helped bring the show together.
